

Transportation Request

Students are required to ride school transportation to and from school activities that take place out of Sidney or Piqua. The requirement covers the school's liability for these students and also fulfills their obligation to the group and/or team they represent.

Common sense and legalities allow exceptions such as away trips where parents and family will be staying in town overnight to visit relatives, ECT. We do not want to inconvenience the parent or student by having the make unnecessary long trips (i.e. to Dayton back to Sidney and back to Dayton).

This request should not be made for students who are returning home with their parents for the reason of shopping or eating out. This request should be used when an inconvenience exists. Approval will only be considered when the transporting member is the parent(s) or legal guardian. Approval will be considered for friends or other family members.

_____ will be riding home with _____
Name of Student Name of parent or legal guardian

Reason _____

Parent Signature _____ Date _____

Coaches Signature _____ Date _____

AD or Principal Signature _____ Date _____
