

## Values for a Lifetime.

*An Affordable Christian Education  
Focusing on Academic Excellence.*

# Piqua Catholic School

## WELCOME

Welcome to Piqua Catholic School, where each child is encouraged and challenged to reach his or her full potential. By the very nature of our enrollment size of approximately 120 students we are able to know each individual child and family by name. The intimate environment affords Piqua Catholic teachers the opportunity to give each child personal attention and promote individual success, self-esteem, and growth. Our concern is the development of the whole child spiritually, intellectually, emotionally, and socially.

## OUR PROGRAM

Piqua Catholic School is proud to provide a values-added quality education and maintain the tradition of academic excellence, a hallmark of our success. Though our students consistently score well on standardized test, we do not teach to the test. We teach to life and equip students with the tools they need for future success. A Piqua Catholic education provides students with a strong foundation of faith, skills, and experiences that are essential for learning. Students leave Piqua Catholic School with the ability to think critically and analytically and to apply what they learn to real world and every changing situations. This is achieved by providing optimal learning opportunities, nurturing students' enthusiasm and engaging them in the learning process. All of our endeavors encompass God and enhance a closer relationship to Our Savior.

## FAITH

At Piqua Catholic we offer a great education in a loving, faith-filled environment based on Catholic traditions and Christian values. Our students are blessed to have Christian teachers who strive to build positive relationships and provide faith building opportunities. Students will benefit from this welcome environment every day in a very positive and uplifting way.
